Call for Posters

www.saudi-sg.com

The 9th Saudi Arabia Smart Grid Conference (SASG 2019) will feature a poster session that provides a forum for students, researchers, designers, and practitioners interested in the advances and applications in the field of Smart Grids, Green Information and Communication Technologies, Sustainability, Energy Aware Systems and Automation Technologies, Power System Planning, Operation and Maintenance.

Towards this goal, SASG 2019 solicits posters presenting recent original results or ongoing research and authors are invited to submit interesting results for their research. Poster presentations will provide authors with early feedback on their research work and enable them to exchange ideas with SASG 2019 participants.

Each poster presenter will have the opportunity to present their work to attendees. This oral presentation will help generate interest in the topic of the poster, to encourage attendees to learn more. The poster presentation space available is One Page only with the size of: 3ft wide x 4ft high, or 36in wide x 48in high (0.92m wide x 1.22m high). All posters will be reviewed and judged based on their originality, technical contribution and, particularly, their potential to generate interesting and interactive exchanges of ideas

Conference website: www.saudi-sg.com

Presenter of each poster will be provided with free access to the event.
